Improvement Body to Meet.

A meeting of the Federated Improvement Association will be held at 7:45 o'clock Friday evening, in Burbank Hall.

Kennans to Meet.

The second annual reunion of the Rice county (Kansas) Society will be held in the Long Beach Auditorium, Monday.

To Picnic on Labor Day.

The Keweenaw-Los Angeles Society will hold a picnic in Eastern Park on Labor Day, September 4. Hot coffee will be served at noon. All former residents of Keweenaw, Ill., and their families are invited.

For Old Folk.

Over 2000 persons are expected to attend the annual old folks' picnic at Elysian Park, Saturday. The affair last year attracted over 1500 persons. The only restriction is that the members be 70 years of age or older.

A "Boatload Bust."

The Beta Theta Pi "boatload bust" will be held at the Log Cabin Inn, Adams and Normandie, Saturday night, at 7:30 o'clock. There is a large alumni association of this society in Southern California, and many of the members are expected to participate in this event. Get a Good Dinner.

After a month's vacation the First Ladies' Sewing Circle of Stanton Women's Relief Corps will resume its work. The first event will be tomorrow, when the usual dinner will be served at the club, No. 1816 South Figueroa street. Mrs. Quackenbush is chairman of the dinner committee.

Reiterating its former stand that associations or concerns organized for the promotion of export trade should not be considered to be in violation of the Sherman or Clayton acts, the directors of the Chamber of Commerce adopted resolutions, yesterday, urging the passage of the bill of exemption now before Congress.

Minister to Impersonate.

A dramatic monologue from Harold Bell Wright's novel, "The Printer of Udell's," will be given by Rev. Clyde Shepard tonight in the Belvedere Methodist Episcopal Church. Mr. Shepard was formerly pastor of this church and returns for this entertainment at the request of the church board.

Mrs. David Chambers McCain, of the Federal Immigration Department, will be present at the meeting of the Outlook Association board of directors this morning at headquarters, No. 568-567 Broadway central building, where will outline the plan of co-operation which has been suggested by Commissioner General Cammett. It is her purpose to interest the clubwomen of California in the problem of the proper distribution of labor. The Immigration Department will outline the efficient in the placing of the new citizen in that particular niche to which he or she is best suited. Mrs. McCain has been appointed Superintendent of the Department of Employment of Women and Girls in Southern California, and she will explain to her audience this morning something of the probable course of her activities. Other clubs will be interested in this plan just as soon as they reassemble after the summer recess.

FOUR BOYS HELD.

House Party of Young People at Bairdston Reunited in Serious Charge Against Youth.

Heavy Bail Fixed by Juvenile Court.

Mildred Hedlund, 18 years old, attended a house party in Bairdston, Tenn. The young people made merry, and it is alleged that some of the youths present indulged in drink. The result was a charge of contributing to the delinquency of Miss Hedlund on the part of four of the boys, who were arrested and appeared before Judge Dehy in Juvenile Court yesterday for arraignment.

Their counsel admitted the boys were at the party, but he declared they are innocent of the charge. Judge Dehy held them in \$2500 bail each for a hearing on the charge tomorrow morning. The accused are Harold Suckforth, William McConnell, Ray Barnhart and D. D. Karr. They range in ages between 18 and 20 years. According to their counsel, their reputations have been good. When an effort was made to have their bail reduced to \$1000 each, Deputy District Attorney McCarthy objected.

MASS MEETING FOR ECONOMY.

To Discuss Merging of County and City Offices.

Supervisors Act on Commerce Chamber Plan.

Will Seek Legal Direction as to Procedure.

The Board of Supervisors, the Executive Committee and officers of the Chamber of Commerce and official of other civic and improvement associations will meet today for the purpose of discussing consolidation of the city and county assessors' and tax collectors' offices.

A communication from the Chamber of Commerce endorsing the plan was given hearty approval by the board when it was read yesterday and the plan of saving the taxpayers considerable expense each year was detailed. In order to bring about the merger, the board suggested the conference for this morning.

According to Chairman Pridham of the board, the county charter will readily lend itself to the proposed consolidation. There is some question, however, as to whether the city charter can be made to conform to the plan, and authorities will be asked to give a legal opinion on this phase of the question.

"I am not only for the consolidation in order to effect economy in government," said Chairman Pridham, "but I believe there are numerous other departments that could be consolidated, not only for financial betterment to the taxpayer, but also for greater efficiency in handling the work."

But few reports on National Reserve so far this year. Showing but sixty-seven fires between January 1 and the 20th inst., and only 400 arrests of small time-burned, Supervisor Charles-son of the Angeles National Reserve received the official forest fire reports yesterday.

This is almost an unprecedented record, as all of the fire reported, with one or two exceptions, were nothing more serious than large bonfires that campers had not extinguished, but which, under the supervision of the department.

LOCAL ROADS READY.
With the hour set for the train and engineers' strike fast approaching, local railroad officials tactically completed their plan of action, yesterday, and adopted a policy of watchful waiting. Unwilling to believe that their employees will sever the bonds of loyalty with which they are bound, not only to their employers, but to the public as well, the railroad officials do predict that the rank and file of the four organizations affected

HOYT FARCE REVIVAL. BURBANK COMPANY TO PUT ON "TEMPERANCE TOWN."

By Grace Kingsley. This is a season of revivals at the Burbank Stage Director Burt Wessner will revive "A Temperance Town," the famous Hoyt play. Rehearsals will begin today, unless plans should change this morning.

Here and Near.

SHOW WORLD REVIEW. BRILLIANT WEEK ON STAGE AND SCREEN FORECAST.

Nora Bayes, the famous comedienne, who has not been seen in the West for several seasons, will be the headliner at the Orpheum, commencing Monday. She brings with her a notable and brilliant programme of new songs, which she will put over in her own inimitable way.

vaudeville acts complete a well-balanced programme.

Panthers. "The Elopers," a musical comedy tabloid, said to be possessed of unusual quality, will be the headliner at the Pantheas, commencing Monday. The production, it is said, will be characterized by catchy songs, pleasing dances and sparkling comedy. There is a little subterfuge whose song numbers and dances are said to be the hit of the entire bill.

Hippodrome. A big bill, of much diversity, is promised at the Hippodrome next week. Anita Dim and her performing monkeys constitute one of the principal attractions, as the animals are to do some real stunts. Other acts billed include Leona Hegyl, known as "the girl and the dog," the King Brothers, athletes; Frank Burton, of the original comedy party of "Paid in Full," in a tabloid version of that great success, as well as three competent players, the Hays, a comedy duo, and a dancing team. Stein, Hume and Thomas, labelled "Melodious Merry Makers," are the comical brothers, in an expert billiard act.

Tally's Broadway. House Peters is scoring heavily in "The Rail Rider" at Tally's this week. This is a delightful comedy and offers Peters one of the best opportunities for a show-stopping display of his versatile genius. "The Prima Donna's Husband," a powerful production, adapted from the stage drama of the same name, will be the offering next week, with the famous actor, Holbrook Blinn, Bracy and Sara Alexander, in Vienna. The company supporting Clara Whipple and Katherine Brown Decker.

Miller's. June Caprice is the delightful star of "Little Miss Happiness," this week at Miller's. The picture, a Fox production, is a comedy of country life, filled with quaint humor. It is also replete with exciting incidents. The company supporting Miss Caprice is headed by Harry Hilliard, Baby Jane Lee, Sidney Bracy and Sara Alexander. Starting Sunday, the attraction is to be Val-Kyrien (in private life Baroness von de Witz), the international favorite, in "The Unwakened Mother."

Superba. "The Shop Girl," with Edith Storey as the star, will be shown at the Superba, commencing Monday. This picture play is said to be a convincing story of a girl's struggle, from a novel by the Williamson. "The Destroyers," based on the famous "The Great Escape," is the offering next week.

Clune's Auditorium. The remarkable Kleinmichmidt motion pictures of "Battles on Three Fronts" continue to draw large crowds to Clune's Auditorium. The pictures were assembled in two years of perilous adventure by the official cinematographer of the Royal Army, General von Hindenburg's great drive into Russia, Archduke Frederick's sweep over Austria, and the fierce fighting on the Italian frontier.

Aviator Robinson Hall's lectures are much to the interest of the pictures this week.

Theaters—Amusements—Entertainments

BURBANK—George M. Cohan's most famous musical comedy, "Forty-Five Minutes From Broadway," is drawing big crowds at the Burbank this week. The piece seems destined to continue if its present success continues. It is full of bright comedy, amusing situations and a number of songs, including some catchy ones, while a beauty chorus adds to its attractiveness.

MOROSCO—The "Passing of the Barbary Coast" is proving an unusual attraction at the Morosco this week, where it is the headliner. The interior of one of San Francisco's notorious dance halls of the past is reproduced on the Republic stage production, has a cast of twenty persons and is under the personal direction of Manager Al Watson.

STUDENT HURT IN CARD RUSH.

STANFORD UNIVERSITY.

Aug. 30.—While trying to escape from several hundred freshmen who had invaded Hall in Palo Alto during the underclass poster fight to-night, Jessy Thomas of Imperial fell unconscious to the pavement, injuring his knee.

He was injured first and then carried to his home.

Tonight was the first time in years that the underclass scrap has invaded Palo Alto. The police ordered the rushers from the city and advised them to confine their fight to the campus.

EXPRESSIVE LOU WINS VICTORY.

GENERAL TODD WINS TWO HEATS; LOSES LAST.

Thomas W. Murphy also Drives Briscoe into First Honors in Two-Fifteen Trot—Mabel Trask Wins Hudson Valley Trot in Straight Heat.

BY A. F. NIGHT WIRE.] Poughkeepsie (N. Y.) Aug. 30.—Thomas W. Murphy captured two more races at the Poughkeepsie Grand Circuit meeting today, driving Expressive Lou to victory in two straight heats in the Guy Axworthy for 3-year-old trotters eligible to the 2:17 class, and winning two of the three heats in the Poughkeepsie for 2:15 trotters with Briscoe. The Poughkeepsie trainer was also second with Azura Axworthy in the Hudson Valley for 2:12 trotters, which was won by Mabel Trask, driven by Walter R. Cox in three straight heats.

Gen. Todd had the speed in the first two heats of the 2:05 pace, winning in 2:05 1/4 and 2:04 1/4. In the third heat he got a poor start and soon went to a break which made him a bad last.

A break cost Briscoe the first heat of the Poughkeepsie for 2:15 trotters, which went to Baron Frisco, but the Murphy entry annexed the following two with comparative ease.

LACEY BEATEN AT HANDBALL.

Larson New Handball Champ of South.

His Victory is Decisive as Surprising.

Clubmen Try to Explain the Upset of Dope.

A new handball champion was crowned at the L.A.A.C. yesterday while the clubmen stood around with gaping mouths and refused to believe their eyes.

W. L. Larson, dumbfounded a packed gallery by defeating the great and might Joe Lacey. What made the surprise such a severe jolt was the easy and decisive manner in which he did win. The scores speak for themselves, 21-15, 21-12.

The clubmen try to explain the defeat by saying Lacey was away off form. However that may be, Larson outplayed, outgeneralized and outkicked the champion.

BRILLIANT. Larson's play was positively brilliant. He could sense where the ball was going before Lacey hit it and had the speed and legs to get where it was going. Yesterday he had everything Lacey had, only a little more of it.

Larson did to Lacey what the champion has done to so many. He ran the quantity little fellow to death and put the ball where Lacey was not. He frustrated all attempts of Lacey's to run him to death by simply standing in the center of the court and getting the ball as it passed him. He gave Lacey a large dose of his own medicine.

Two different types than Larson and Lacey could not be found anywhere. Larson is short, squatly and fat. Larson is tall and positively skinny. When he peeled off his shirt he looked like a famous cartoon. Lacey moves in sort of jerks and by spurts. Larson keeps moving all the time and strikes so easy that he does not seem to be moving.

FIRST GAME. Lacey started off by serving. He tried to pass Larson as he has done so many other players. Larson refused to be passed. He would not let the ball bounce and then run after it. Like Lacey, he jumped up.

WHAT YOU MAY SHOOT, AND HOW MANY—ALSO HOW LONG.

HUNTERS in District No. 4 may for the space of one month, commencing half an hour before sunrise tomorrow morning, shoot deer, doves and sagehens. At half an hour before sunset September 30 the open season on deer closes, while the dove and sagehen hunting season continues until November 30. The open season on tree squirrels begins September 1 and continues until the last day of the year. Twelve of these speed demons may be shot in one season, according to the 1915-17 game laws.

The limits: No deer, fawns or spike bucks can be shot and no deer meat may be offered for sale. The limit is two bucks per season. Fifteen doves per day constitutes the legal limit, while for sagehens the limit is four per day and eight per week. District No. 4 includes San Bernardino, Riverside, Imperial, San Diego, Los Angeles, Orange, Ventura and Santa Barbara counties.

TOMORROW morning at half an hour before sunrise the gun carriers of Southern California will start blasting away at deer, doves, squirrels and sagehens. We are promised the greatest all-around hunting season that this part of the State has ever seen. Hunters who frequent the mountains in season and out of season report that deer are plentiful. Around Devil's Canyon, above San Bernardino, the deer are accused of actually eating up the fruit on several ranches, and the pear and cherry crops have suffered accordingly.

Reports of the dove season are equally optimistic. The mild winter, with plenty of rain, which kept the foliage green and therefore provided the doves with more food than usual, seems to have encouraged these birds to remain with us in large numbers. Reports furnished by the various sporting goods houses, whose experts have been keeping a watchful eye on conditions, announce that the season should be better than for many seasons past.

Last year the number of deer killed fell 356 short of the 8343 bucks reported in 1914. The spike-buck law last year saved many yearling bucks from the hunters and these are "ripe" for the rifle bullet this season, so that the prospects for a big season are good.

The leading counties last year in the number of deer killed were: Sonoma, 340; Santa Clara, 322; Shasta, 492; Mendocino, 500; Tehama, 543; and Sierra, 665. Santa Barbara was the leading southern county last year, ranking eighth for the State, but it must be remembered that the season in District No. 4 was from two to four weeks shorter than that in the leading counties.

Deputies of the Fish and Game Commission, forest rangers and sportsmen in general unite in saying that prospects are fine. Reports from the local sporting goods houses have it that practically every gun to be found within the city limits of Los Angeles will be in use tomorrow or by Sunday at the latest.

To attempt to tell hunters where to go is almost a hopeless task. Those who have been out before have their deer "staked out" and claim to know exactly where to find the largest and juiciest of bucks. Those who have never been out before have almost all of them taken tips from the veterans. For the benefit of those who have not yet made up their minds The Times is publishing a list of the latest reports from the "front." There will be the customary wild
